FOREWORD

Every teacher is a reflection of his or her students.

Chris Walker

Teacher cannot be more delighted than witnessing his student climbing the ladder of progress and attaining greater heights. Teacher is a fortunate man due to opportunity his student provides him not only to share but also to square his own knowledge. And in the bargain, teacher-student relationship is one of those few which become selfless, deep and everlasting. Indeed, it is an excellent example of intergenerational relationships. I am indeed grateful for the opportunity of having mentored MBBS doctors to complete their Postgraduate DNB qualification. Today, many of them are working as medical specialists and superspecialists across Indian hospitals and abroad.

In addition to tracking the updated details of its members by the teachers and students alike, this Directory of about 150 DNB doctors trained in the last three and a half decades at St. Stephen's Hospital is a testament for a more important reason. This is about the solidarity between student peers serving not only for their short-term networking and professional interaction but also to forge long term intra-generational ties between them. Personally, if I meet my batchmate even after 80 years, I feel not only comfortable but also joyous.

I would like to congratulate Dr. Jemshid Eranhikkal, himself a former doctor DNB trainee (2015 batch) who took upon himself the arduous task of compiling these details into a Directory from edition after edition. This is the 2024 or the third edition in which he has put in some notable extra efforts to include very senior Ex-DNBs ever since these courses began in Medicine and Family Medicine at St. Stephen Hospital in the year 1991. Dr. Jemshid has also for the first time earmarked a Section in the Directory on Glimpses containing a gallery of several pictures which are indicative of rich heritage of professional and social activities of our DNB community.

I sincerely hope this Directory will be abundantly consulted for networking among the members listed there and by others interested in it as a ready resource.

Dr. Vinod Kumar

PREFACE TO THIRD EDITION

It is with great pleasure and a sense of nostalgia that I present to you the 3rd Edition of Alumni Directory of DNB students (General Medicine and Family Medicine) of our esteemed St. Stephen's Hospital. This directory is more than just a collection of names and contact details; it is a testament to the enduring bonds and shared experiences that have shaped our professional and personal lives.

In an age where digital connections are ubiquitous, one might question the relevance of a printed alumni directory. However, it is precisely this tangible document that evokes a sense of nostalgia, reminding us of the days spent in clinics, intensive care units and hostel of our Institute. It serves as a bridge to our past, allowing us to reconnect with old friends, mentors, teachers and colleagues who have played pivotal roles in our journeys. In order to nurture all memories, this edition now also includes a photo gallery including most of the pictures submitted by all of you.

Staying in touch with our alumni network offers numerous benefits. Professionally, it provides a platform for collaboration, mentorship, and career advancement. Whether seeking advice on a challenging case, exploring new research opportunities, or simply looking for career guidance, I am sure our alumni network will always be a treasure trove of expertise and support. The WhatsApp group we have created over the last few years will hopefully help in furthering all these goals. This is what our beloved mentor and teacher Dr. Vinod Kumar sir envisioned when he first initiated the idea for a directory in 2019.

Beyond professional growth, this directory fosters a sense of belonging and community. It reminds us that we are part of a larger family, united by our commitment to medical excellence and lifelong learning.

I would like to thank Dr. Vinod Kumar sir for continuously pushing us to maintain and reproduce this directory. He has been instrumental in contacting all members from time to time. Without his energy and active participation, it would have been impossible to produce a third edition.

I would also like to extend my heartfelt gratitude to all members who participated in the data collection process over the past few months. Your contributions have made this directory possible, and your willingness to stay connected is what makes our alumni network so special.

Lastly, forgive me for any inadvertent error that may have crept in and feel free to contact me anytime so that the details can be duly corrected in the next edition. Warm regards.

Dr. Jemshid Eranhikkal

MESSAGE

I AM HAPPY TO NOTE THAT THE THIRD EDITION OF DNB DIRECTORY FOR THOSE PAST AND PRESENT STUDENTS OF ST. STEPHEN'S HOSPITAL WHO BELONG TO MEDICINE AND FAMILY MEDICINE STREAM IS BEING RELEASED. I HOPE THIS LATEST EDITION OF THE DIRECTORY WILL NOT ONLY HAVE THE UPDATED PROFESSIONAL DETAILS OF ALL THOSE WHO WERE TRAINED IN THIS HOSPITAL DURING THE LAST SO MANY YEARS BUT ALSO THE INFORMATION ABOUT THOSE WHO HAVE COME HERE FOR DNB TRAINING SINCE THE LAST DIRECTORY WAS COMPILED. THIS WILL HELP KEEP CONTACT OF THESE DOCTORS WITH EACH OTHER FOR NETWORKING AND PROFESSIONAL INTERACTIONS.

MESSAGE

I AM DELIGHTED TO LEARN THAT THE DIRECTORY OF DNB STUDENTS OF ST. STEPHEN'S HOSPITAL FROM GENERAL MEDICINE AND FAMILY MEDICINE DISCIPLINES HAS BEEN UPDATED AND THE THIRD EDITION OF DIRECTORY WITH LATEST DETAILS OF ABOUT 150 SUCH DOCTORS IS READY FOR DISTRIBUTION IN 2024. I HOPE THIS DOCUMENT WILL SERVE TO CONNECT THESE DOCTORS AND HELP THEM IN NETWORKING AMONG THEMSELVES AND ENCOURAGE THEM COMING FROM THEIR COMMON ALMA MATER TO FORGE USEFUL TIES.

MY BEST WISHES.

MESSAGE

It gives me great pleasure to know that the Directory of our DNB students from St. Stephen's Hospital both from Medicine and Family Medicine disciplines has been updated and its 3rd edition is soon going to be ready for distribution. Given the fact that Ex DNBs from last so many years keep progressing and changing at times their affiliations and addresses, the necessity of periodic updating the Directory is obvious. In addition, new entrants to DNB courses since the last Directory was compiled shall find their space in the updated version. I congratulate all those concerned for having completed this herculean task and wish all DNBs, both former and current a great future.
